### **Abstract**

*This study aims at investigating the language functions and language expressions employed at Scusa Restaurant, located in Ayana Resort, Jimbaran, Bali. Through qualitative analysis, it explores how language is utilized in various aspects of the breakfast experience, including customer interaction, menu presentation, and service communication. This study used observation and interview for get the data. The observation and interview conducted with the subjects on 13 May 2024 until 5 June 2024. The data was analyzed using the theory of language functions and language expressions developed by Purnamaningsih (2020) and Sardianti (2020). This study found a total of 16 language functions and 16 language expressions that are commonly used by waiter and waitresses in handling guests during breakfast. The language functions include, greetings, asking for how many parties, asking for room number, asking for sitting place, sitting the guests, unfolding napkin, giving information about the buffet, offering coffee or tea, presenting menu, taking order, repeating order, serving food or coffee and tea, checking back, settling payment, thanking the guest, and wishing a good day. Each language function is expressed through various language expressions that are appropriate to the situation and conditions while serving guests. The findings reveal the strategic use of language to enhance customers satisfaction, reflect cultural values, and maintain a high standard of hospitality.*

## **INTRODUCTION**

Restaurant business is rapidly developing nowadays. According to Hayes (2017), a restaurant is a food service operation that brings profit, that main business includes selling food or drinks to individuals and guest in small groups. Language plays a pivotal role in the hospitality industry, influencing customer perceptions and experiences. According to Forsdale (2017), communication is an important element in work group, especially for waiters or waitresses in the restaurant. In the restaurant communication is very instrumental to facilitate the operational work. With good communication waiters or waitresses are inseparable from the

language functions and language expression. Language expression and language functions are very useful for waiters or waitresses to give information to guest.

There is a hotel in Bali named Ayana Resort Jimbaran Bali, that implements high standard English language function and expression in serving customers or guest. It is a good model in restaurant communication that needs to be learnt by those who are willing to be restaurant staff especially waiters or waitresses. This hotel is located in Jalan Karang Mas Sejahtera, Jimbaran Bali. Ayana Resort Bali is one of the five-star hotel and this hotel also one of the luxurious hotels in Bali. The resort is a part of the larger Ayana Estate, which includes sister properties of Rimba Jimbaran Bali, Ayana Segara, and The Villas at Ayana Resort. The resort offers a variety of rooms and suites designed to cater to different preferences and needs. These include deluxe rooms, ocean view suites, club rooms and suites, and also private villas. Ayana resorts boast an impressive array of dining options, ensuring guest enjoy a diverse culinary experience. Some of the restaurants include, Scusa Restaurant, Kisik Bar and Grill, Rock Bar, Dava Steak&Seafood, Sami Sami, Ah Yat Abalone Seafood, and also Padi Restaurant. Ayana Resorts one of five-star hotel in Bali and they have motto committed to bring excellence service to the guest. That is one reason for writer to choose Scusa Restaurant by Ayana Resort Jimbaran Bali for conduct the research.

There were several studies conducted by some researchers. Purnamaningsih (2020) conducted research at Puri Saron Lovina, on the language expression used by waiters and waitresses. It was found out that there were 22 language functions and expression which were commonly used. Sardianti (2020) conducted research at Grand Nikko Hotel, on the language functions and language expression used by waiters and waitresses. Indrisari (2020) conducted research at Enjung Baji Resorts, on the language expressions used by waiters and waitresses. It was found out there were 12 language expressions which were commonly used. The language functions and language expression were used to perform polite and professional service to the customer.

From this literature review, it was found that this research is still limited. Similar studies have never been conducted at Scusa Restaurant by Ayana Resort Jimbaran Bali. Therefore, since it has not been done by others before, this research will examine the language functions and language expressions at Scusa Restaurant by Ayana Resort Jimbaran Bali. The result of this study is expected to contribute significantly for the improvement of English for specific purpose especially English for Hotel and Restaurant.

## **RESEARCH METHOD**

This study was conducted at Scusa Restaurant by Ayana Jimbaran Bali, which is part of Ayana Segara and is located on Jl. Karang Mas Sejahtera, Kuta Badung, Bali. The researchers chose to conduct the study at this restaurant because the hotel implements high-standard English language functions and expressions in serving guests. The research design employed is a qualitative approach, which is often used to explore complex issues, understand experiences, and interpret social interactions in depth, emphasizing the context and subjective perspectives of participants. This study aims to identify the language functions and expressions commonly used at Scusa Restaurant by Ayana Jimbaran Bali.

The subjects of this study were two staff members from Scusa Restaurant, chosen for their extensive experience and recognition as the best employees of the month. The data source

for this study is derived from the operational activities at Scusa Restaurant by Ayana Resort Jimbaran Bali. The data collected primarily revolves around the language functions and expressions commonly used at the restaurant. For data collection, the author engaged with guests, visited the restaurant, and interacted with staff. This study aims to identify the language functions and expressions commonly used at Scusa Restaurant by Ayana, which could benefit individuals seeking employment or training in the hospitality industry.

Data collection techniques included observation sheets used to gather data. The steps are as follows: visit Scusa Restaurant by Ayana Jimbaran Bali, engage with customers or guests, ask the staff about the commonly used language functions and expressions at the restaurant, and list these language functions and expressions. The research process involved obtaining data directly from original sources rather than through intermediaries. Data included individual or group opinions, observations of physical objects, and information obtained through interviews and observations related to real work practices at the research site. To gather data, the following methods were employed: 1) Interviews, which involve exchanging information and ideas through questions and answers, to obtain factual details about specific events from informants; and 2) Observation, which involved monitoring activities related to the duties of waiters and waitresses at Scusa Restaurant by Ayana Jimbaran Bali.

In the data analysis process, the researcher first identified and classified the data into groups. For example, language functions and expressions were categorized into separate groups in a table. The researcher then created a tabulation to facilitate data presentation and interpretation. Finally, the researcher interpreted the commonly used language functions and expressions at Scusa Restaurant by Ayana Jimbaran Bali.

## **FINDINGS AND DISCUSSIONS**

### **Language Functions in Scusa Restaurant by Ayana Resort Jimbaran Bali**

After the data were collected, the writer found the language functions used by waiters/waitresses at Scusa Restaurant by Ayana Resort Jimbaran Bali, which can be seen on the following table.

**Table 1. The Language Functions commonly used at Scusa Restaurant in handling breakfast**

<b>N.</b>	<b>Language Functions</b>
1	Greetings
2	Asking for how many parties
3	Asking for room number
4	Asking for sitting place
5	Sitting the guest
6	Unfolding napkin
7	Giving information about the buffet
8	Offering coffee or tea
9	Presenting menu
10	Taking order
11	Repeating Order
12	Serving food and coffee and tea
13	Checking back

14	Settling payment
15	Thanking the guest
16	Wishing a good day

Based on the table 1, the language functions commonly used by waiter/waitress at Scusa Restaurant by Ayana as follows;

The first things we must do when meet each other is greetings. All respondents did this procedure. Greeting is the first step before asking for identity. It will make guests feels welcome with us because friendliness and polite greeting could make the guests feel appreciated. Greeting also make us know first impressions of each other. The second one is asking for how many parties. Asking how many parties is one of important things we must do before we escorted the guest to the table. All respondents did this procedure. After greeting a waiters/waitress has to ask for how many of her/him to make sure how many seat that guest needs. The third one is asking for room number. The function we asking the room number for see the room number is include with the breakfast or no, and after that we can suggest the guest for alacart menu or join buffet. All respondents did this procedure. Asking for room number is very important. This is asked to the guest about room number to check on the guest list how many guests are included in the room. The fourth one is asking for sitting place. The function of asking for sitting the place is for we can prepare and ask about the guest satisfaction and we can inform the guest about smoking area or nonsmoking area for the guest. All respondents did this procedure. This is important way to make guest satisfaction. This is the way to ask the guest about sitting place, where She/He would like to sit.

The next one is sitting the guest. All respondents did this procedure. The waiters/waitress leads the guest to the table which has been decided by the guest. Before that, we should ask the guests if she/he fine with the table and area. When arrived on the table, pull the chair for lady first. And don't forget to tell the table number for the guests. The sixth one is unfolding napkin. All respondents did this procedure. After the guest has been sitting, unfold the napkin and place the napkin on the guest's lap. The napkin should be always clean and make sure the waiters/waitresses just hold the tip of napkin. Next is Giving information about the buffet. All respondents did this procedure. This is the important thing should inform to guest the buffet system and location of the buffet section for effectiveness. This is the important thing should be informed to guest, especially for the first stay guest. After that, is offering coffee or tea. All respondents did this procedure. This is offer to the guest whether it coffee or tea to start her/his breakfast. We also offer what special coffee or drink we have in the that day. This is important thing also should ask and inform to the guest, especially if the guest the first stay coming or staying at the hotel. Besides that, presenting menu is one of important things for the guests who join with alacart menu or we can say for the room number not included with the breakfast. All respondents did this procedure. This is explained to the guest about what menu items are prepared for today buffet breakfast or ale-cart breakfast, describing ingredients, and also the cooking methods. And then, Taking order. Taking order in ala carte breakfast is one of important things. All respondents did this procedure. This takes the guest's order and write down the order in the captain order. This is the one of important things to do for excellence service.

The next one is repeating order. Repeating order is also important thing when we handle the guests. All respondents did this procedure. This procedure is to ensure what guest orders and anticipation for mistake or forgot the orders. And don't forget to tell the guests about how long they should waiting for the food. After the guest taking order is serving food and coffee or tea. All respondents did this procedure. This is serving the guest's order by moving around the table and serve for ladies first from left side with your right hand. The next one is checking back. All respondents did this procedure. This also is one of important things to check all everything is doing well. This is check to the guest to ensure that she/he enjoyed the meal. After that is settling payment. All respondents did this procedure. This is the payment process checked by waiters/waitresses for guest for make sure include or not for the breakfast. Sometime this is the payment to check the guest is luxury guest with discount or not. The next is thanking the guest. All respondents did this procedure. This is the fond farewell to the guest for make guest feel appreciated and happy after have a breakfast with us. And also this things is make our guests happy. The last but not least is Wishing a great day. All respondents did this procedure. This is also one of fond farewell to guest for make the guest feel appreciated and happy and one of word that came from our mouth into the prayer for the guest.

#### **Language Expressions commonly used at Scusa Restaurant in Handling Breakfast**
